

Specialty Polymers, Adhesives & Coatings

"Committed Quality through Continuous Excellence"

December 30th, 2009

Due to sudden, severe increases in raw material costs, Saiden Technologies will be increasing all prices by \$0.05/lb to \$0.08/lb **effective January 15th, 2010.**

As always Saiden Technologies will do everything possible to minimize the impact of these increases on all our customers.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Lamb", with a long horizontal flourish extending to the right.

Jeff Lamb
President, Saiden Technologies
